SUBJECT INDEX

ABSENTEEISM
Eating disorders at work (Health Updates). Tompkins, O. 59(10), 460.
Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.
Workplace obesity prevention (Health Updates). Chalupka, S. 59(5), 236.

ABSTRACTS
Poster abstracts from the AAOHN 2011 national conference: May 2-5, 2011, Atlanta, Georgia (Professional Practice). 59(7), 281-291.

ACCLIMATIZATION
Working at high altitude (Health Updates). Tompkins, O. S. 59(12), 552.

ACCOMMODATION
Arthritis and the workplace (Health Updates). Tompkins, O. S. 59(4), 196.

ADAPTIVE BEHAVIORS
Assessment of blood pressure knowledge among workers in a midwestern manufacturing plant: A pilot study. Fearn, C. L., Brick, G. Y., Lizer, S., Doughty, A., & MacDowell, M. 59(6), 253-263.

ADVANCED PRACTICE
Implementation of occupational health service improvements through application of Total Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.
The future of nursing: Opportunities for occupational health nursing (Professional Practice). Burgel, B. J. 59(5), 207-211.

AGING WORKER
Focus on the aging worker (Continuing Education). Rogers, B., Marshall, J., Garth, K., Mopkins, D., Remington, J., Siemering, K., & Spivey, J. 59(10), 447-457.

AGRICULTURAL HEALTH
Preventing heat-related illness among Hispanic farmworkers. Culp, K., Tonelli, S., Ramey, S. L., Donham, K., & Fuortes, L. 59(1), 23-32.

ALTITUDE ILLNESS
Working at high altitude (Health Updates). Tompkins, O. S. 59(12), 552.

AMERICAN ASSOCIATION OF OCCUPATIONAL HEALTH NURSES, INC.
The American Association of Occupational Health Nurses, Inc.: Lessons learned for building a strong future (Occupational Health Nursing Currents). Litchfield, S. M. 59(3), 105-106.

AMIGO³
Promoting occupational health nursing training: An educational outreach with a blended model of

distance and traditional learning approaches (Continuing Education). Ward, J. A., Beaton, R. D., Bruck, A. M., & de Castro, A. B. 59(9), 401-406.

ANOGENITAL DISTANCE
Phthalate exposures and human health concerns: A review and implications for practice (Continuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

ANOREXIA NERVOSA
Eating disorders at work (Health Updates). Tompkins, O. 59(10), 460.

ANTIBIOTIC THERAPY
Pertussis (Health Updates). Tompkins, O. S. 59(6), 276.

APPALACHIA
Health disparities of coal miners and coal mining communities: The role of occupational health nurses (Continuing Education). Apostle, E. P., O'Connell, M. E., & Vezeau, T. M. 59(7), 311-321.

ARTHRITIS
Arthritis and the workplace (Health Updates). Tompkins, O. S. 59(4), 196.

ASSISTED LIVING FACILITIES
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.

ASTHMA
Indoor air problems in hospitals: A challenge for occupational health. Hellgren, U.-M., & Reijula, K. 59(3), 111-117.

AUDIOLOGY
The role of the professional supervisor (Professional Practice). Lukes, E. 59(2), 57-59.

BARIATRIC SURGERY
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

BEVERAGE COMPANY
Stretching to prevent musculoskeletal injuries: An approach to workplace wellness. Gartley, R. M., & Prosser, J. L. 59(6), 247-252.

BINGE EATING DISORDER
Eating disorders at work (Health Updates). Tompkins, O. 59(10), 460.

BIOLOGICAL HAZARDS
Occupational reproductive health and pregnancy hazards confronting health care workers (Professional Practice). Gonzalez, C. 59(9), 373-376.

BLENDED LEARNING
Promoting occupational health nursing training: An educational outreach with a blended model of distance and traditional learning approaches (Continuing Education). Ward, J. A., Beaton, R. D., Bruck, A. M., & de Castro, A. B. 59(9), 401-406.

BLOOD PRESSURE
Assessment of blood pressure knowledge among workers in a midwestern manufacturing plant: A pilot study. Fearn, C. L., Brick, G. Y., Lizer, S., Doughty, A., & MacDowell, M. 59(6), 253-263.
Relationship of cardiovascular disease to stress and vital exhaustion in an urban, Midwestern police department. Ramey, S. L., Perkhounkova, Y., Downing, N. R., & Culp, K. R. 59(5), 221-227.

BODY FAT PERCENT
Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.

BODY MASS INDEX
Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.
Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.
Relationship of cardiovascular disease to stress and vital exhaustion in an urban, Midwestern police department. Ramey, S. L., Perkhounkova, Y., Downing, N. R., & Culp, K. R. 59(5), 221-227.

BORDERLINE PERSONALITY DISORDER
Borderline personality disorder and disability (Professional Practice). Arvig, T. J. 59(4), 158-160.

BREAST CANCER
Selective estrogen modulators for the primary prevention of breast cancer (Health Updates). Chalupka, S. 59(1), 48.
Shift work, light at night, and the risk of breast cancer: A guide to administrative action for health care institutions (Continuing Education). Reed, V. A. 59(1), 37-45.
Sociodemographic characteristics of women who engage in early breast cancer diagnostic behaviors: The case of Turkish women working in a textile factory. Gunay, E., & Beser, A. 59(10), 421-428.

BREAST SELF-EXAMINATION
Sociodemographic characteristics of women who engage in early breast cancer diagnostic behaviors: The case of Turkish women working in a textile factory. Gunay, E., & Beser, A. 59(10), 421-428.

BUILT ENVIRONMENT
Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.

BULIMIA NERVOSA
Eating disorders at work (Health Updates). Tompkins, O. 59(10), 460.

BURNOUT
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.

CASE-CONTROL STUDY
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

CHAIN OF CUSTODY
Sexual assault in the workplace. Garrett, L. H. 59(1), 15-22.

CHEMICAL HAZARDS
Occupational reproductive health and pregnancy hazards confronting health care workers (Professional Practice). Gonzalez, C. 59(9), 373-376.

CHEMOPREVENTION
Selective estrogen modulators for the primary prevention of breast cancer (Health Updates). Chalupka, S. 59(1), 48.

CHOLESTEROL
Relationship of cardiovascular disease to stress and vital exhaustion in an urban, Midwestern police department. Ramey, S. L., Perkhounkova, Y., Downing, N. R., & Culp, K. R. 59(5), 221-227.

CHRONIC DISEASE/ILLNESS
Diabetes at work: A grounded-theory pilot study. Thomas, E. A. 59(5), 213-220.
Focus on the aging worker (Continuing Education). Rogers, B., Marshall, J., Garth, K., Mopkins, D., Remington, J., Siemering, K., & Spivey, J. 59(10), 447-457.
Success of a diabetes health management program in employer-based health care centers. McCarver, P. 59(12), 513-518.

CHRONOTHERAPY
Circadian rhythm disruption (Health Updates). Tompkins, O. S. 59(2), 92.

CIRCADIAN RHYTHM
Circadian rhythm disruption (Health Updates). Tompkins, O. S. 59(2), 92.
Shift work, light at night, and the risk of breast cancer: A guide to administrative action for health care institutions (Continuing Education). Reed, V. A. 59(1), 37-45.

CIRCLES OF CARE
Creating health connections for vulnerable working populations: Goodwill North Central Wisconsin's Circles of Good Care model. Weiss, M. D. 59(12), 519-524.

CLINICAL BREAST EXAMINATION
Sociodemographic characteristics of women who engage in early breast cancer diagnostic behaviors: The case of Turkish women working in a textile factory. Gunay, E., & Beser, A. 59(10), 421-428.

COAL MINING
Health disparities of coal miners and coal mining communities: The role of occupational health nurses (Continuing Education). Apostle, E. P., O'Connell, M. E., & Vezeau, T. M. 59(7), 311-321.

COGNITIVE IMPAIRMENT
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.

COHORT STUDY
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

COLLECTIVE EFFICACY
Creating health connections for vulnerable working populations: Goodwill North Central Wisconsin's Circles of Good Care model. Weiss, M. D. 59(12), 519-524.

COMMERCIAL TRUCK DRIVERS
Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.

COMPETENCIES
Evaluation of an occupational health nursing program through competency achievement: On-campus and distance education, 2005 and 2008. Randolph, S. A., Rogers, B., & Ostendorf, J. S. 59(9), 387-399.

COMPLIANCE
Implementation of occupational health service improvements through application of Total Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.
Stretching to prevent musculoskeletal injuries: An approach to workplace wellness. Gartley, R. M., & Prosser, J. L. 59(6), 247-252.

COMPUTER CHIP
Ergonomic microscope comfort and

control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.

CONFIDENTIALITY
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

CONSTRUCTION INDUSTRY
Contingent workers (Professional Practice). Guerrina, R. T., Burns, C. M., & Conlon, H. 59(3), 107-109.

CONTINGENT WORKERS
Contingent workers (Professional Practice). Guerrina, R. T., Burns, C. M., & Conlon, H. 59(3), 107-109.

CONTINUING NURSING EDUCATION
Promoting occupational health nursing training: An educational outreach with a blended model of distance and traditional learning approaches (Continuing Education). Ward, J. A., Beaton, R. D., Bruck, A. M., & de Castro, A. B. 59(9), 401-406.

CORPORATE PRACTICE OF MEDICINE
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

CORRECTIONAL HEALTH
Necrotizing community-acquired methicillin-resistant *Staphylococcus aureus* pneumonia: An emerging problem in correctional facilities (Continuing Education). Kohli, N., Kochie, M., & Harber, P. 59(3), 135-140.

COST REDUCTIONS/SAVINGS
Implementation of occupational health service improvements through application of Total Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.
Stretching to prevent musculoskeletal injuries: An approach to workplace wellness. Gartley, R. M., & Prosser, J. L. 59(6), 247-252.
Success of a diabetes health management program in employer-based health care centers. McCarver, P. 59(12), 513-518.

COUNCIL FOR ACCREDITATION IN OCCUPATIONAL HEARING CONSERVATION
The role of the professional supervisor (Professional Practice). Lukes, E. 59(2), 57-59.

C-REACTIVE PROTEIN
Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.

CROP PRODUCTION
Preventing heat-related illness among Hispanic farmworkers. Culp, K., Tonelli, S., Ramey, S. L., Donham, K., & Fuortes, L. 59(1), 23-32.

CROSS-SECTIONAL STUDY
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

CULTURE
Preventing heat-related illness among Hispanic farmworkers. Culp, K., Tonelli, S., Ramey, S. L., Donham, K., & Fuortes, L. 59(1), 23-32.

DEEPWATER HORIZON BP OIL SPILL
The effect of oil spills on workers involved in containment and abatement: The role of the occupational health nurse. Moore, R., & Burns, C. M. 59(11), 477-482.

DEGENERATIVE ARTHRITIS
Internet-based outpatient telerehabilitation following total knee arthroplasty (Health Updates). Chalupka, S. 59(3), 144.

DEHYDRATION
Preventing heat-related illness among Hispanic farmworkers. Culp, K., Tonelli, S., Ramey, S. L., Donham, K., & Fuortes, L. 59(1), 23-32.

DELEGATION
Scope of practice issues for occupational and environmental health nurses (Professional Practice). Strasser, P. M. 59(1), 12-14.

DEMENTIA
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.
Soy isoflavones for the prevention of menopausal symptoms and bone loss: A safe and effective alternative to estrogen? (Health Updates). Chalupka, S. 59(11), 504.

DEPRESSION
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.
Borderline personality disorder and disability (Professional Practice). Arvig, T. J. 59(4), 158-160.

DIABETES
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.
Diabetes at work: A grounded-theory pilot study. Thomas, E. A. 59(5), 213-220.
Success of a diabetes health management program in employer-based health care centers. McCarver, P. 59(12), 513-518.

DIALECTICAL BEHAVIOR THERAPY
Borderline personality disorder and disability (Professional Practice). Arvig, T. J. 59(4), 158-160.

DIRECT CARE WORKERS
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.

DISABILITY
Protecting pregnant health care workers from occupational hazards (Professional Practice). Gonzalez, C. 59(10), 417-420.
Yoga to treat nonspecific low back pain (Continuing Education). Carter, C., Stratton, C., & Mallory, D. 59(8), 355-361.

DISASTER
Nothing to fear but fear itself? (Occupational Health Nursing Currents). Litchfield, S. M. 59(5), 203-205.

DISPERSANTS
The effect of oil spills on workers involved in containment and abatement: The role of the occupational health nurse. Moore, R., & Burns, C. M. 59(11), 477-482.

DISRUPTIVE INNOVATION
Success of a diabetes health management program in employer-based health care centers. McCarver, P. 59(12), 513-518.

DISTANCE EDUCATION
Evaluation of an occupational health nursing program through competency achievement: On-campus and distance education, 2005 and 2008. Randolph, S. A., Rogers, B., & Ostendorf, J. S. 59(9), 387-399.
Promoting occupational health nursing training: An educational outreach with a blended model of distance and traditional learning approaches (Continuing Education). Ward, J. A., Beaton, R. D., Bruck, A. M., & de Castro, A. B. 59(9), 401-406.

DRUG TAKE BACK PROGRAM
Invisible pollution: The impact of pharmaceuticals in the water supply (Continuing Education). Strauch, K. A. 59(12), 525-532.

EATING DISORDERS
Eating disorders at work (Health Updates). Tompkins, O. 59(10), 460.

EDUCATION
Occupational health nursing education (Professional Practice). Rogers, B., Randolph, S. A., & Ostendorf, J. 59(6), 243-246.

EDUCATION AND RESEARCH CENTERS
Occupational health nursing education (Professional Practice). Rogers, B., Randolph, S. A., & Ostendorf, J. 59(6), 243-246.

EMBODIED INTELLIGENCE
Diabetes at work: A grounded-theory pilot study. Thomas, E. A. 59(5), 213-220.

EMPLOYEE ASSISTANCE PROGRAMS
Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.

EMPLOYEE SATISFACTION
Implementation of occupational health service improvements through application of Total Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.

ENDOCRINE-DISRUPTING ACTION
Phthalate exposures and human health concerns: A review and implications for practice (Continuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

ENDOMETRIAL CANCER
Selective estrogen modulators for the primary prevention of breast cancer (Health Updates). Chalupka, S. 59(1), 48.

ENTREPRENEURS
Swedish entrepreneurs' use of occupational health services. Gunnarsson, K., Andersson, I.-M., & Josephson, M. 59(10), 437-445.

ENVIRONMENTAL DUST
Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.

ENVIRONMENTAL HEALTH
Invisible pollution: The impact of pharmaceuticals in the water supply (Continuing Education). Strauch, K. A. 59(12), 525-532.

ENVIRONMENTAL LIGHT
Shift work, light at night, and the risk of breast cancer: A guide to administrative action for health care institutions (Continuing Education). Reed, V. A. 59(1), 37-45.

EPIDEMIOLOGY
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.
Health disparities of coal miners and coal mining communities: The role of occupational health nurses (Continuing Education). Apostle, E. P., O'Connell, M. E., & Vezeau, T. M. 59(7), 311-321.

ERGONOMICS
Ergonomic microscope comfort and control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.

ESTROGEN
Soy isoflavones for the prevention of menopausal symptoms and bone loss: A safe and effective alternative to estrogen? (Health Updates). Chalupka, S. 59(11), 504.

EVIDENCE-BASED PRACTICE
An integrated approach to worker self-management and health outcomes: Chronic conditions, evidence-based practice, and health coaching (Continuing Education). Miller, C. 59(11), 491-501.

EXCAVATION
Trenching and excavation: Preventing workplace fatalities (Health Updates). Chalupka, S. 59(9), 408.

EXERCISE
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.
Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.
Yoga to treat nonspecific low back pain (Continuing Education). Carter, C., Stratton, C., & Mallory, D. 59(8), 355-361.

EXPERIMENTAL RESEARCH
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

FAMILY AND MEDICAL LEAVE
Protecting pregnant health care workers from occupational hazards (Professional Practice). Gonzalez, C. 59(10), 417-420.

FAMILY HEALTH HISTORY
A family history intervention (Letter to the Editor). Strasser, P. B., McNeill, J. A., Cook, J. D. M., & Jones, M. E. 59(6), 241.

FATIGUE
Ergonomic microscope comfort and control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.

FETAL HEALTH
Phthalate exposures and human health concerns: A review and implications for practice (Continuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

FINANCIAL COUNSELING
Creating health connections for vulnerable working populations: Goodwill North Central Wisconsin's Circles of Good Care model. Weiss, M. D. 59(12), 519-524.

GANTT CHART
Ergonomic microscope comfort and control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.

GENETIC INFORMATION NONDISCRIMINATION ACT
A family history intervention (Letter to the Editor). Strasser, P. B., McNeill, J. A., Cook, J. D. M., & Jones, M. E. 59(6), 241.

GLOBAL HEALTH
Efficiency of workplace surveys conducted by Finnish occupational health services. Savinainen, M., & Oksa, P. 59(7), 303-310.
Low back pain among personal care workers in an old age home: Work-related and individual factors. Yeung, S. S., & Yuan, J. 59(8), 345-353.
Sociodemographic characteristics of women who engage in early breast cancer diagnostic behaviors: The case of Turkish women working in a textile factory. Gunay, E., & Beser, A. 59(10), 421-428.
Swedish entrepreneurs' use of occupational health services. Gunnarsson, K., Andersson, I.-M., & Josephson, M. 59(10), 437-445.

GOUT
Arthritis and the workplace (Health Updates). Tompkins, O. S. 59(4), 196.

GRAVITY ASSIST
Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

GREEN PHARMACY
Invisible pollution: The impact of pharmaceuticals in the water supply (Continuing Education). Strauch, K. A. 59(12), 525-532.

GROUNDED-THEORY
Diabetes at work: A grounded-theory pilot study. Thomas, E. A. 59(5), 213-220.

HAZARDOUS ENERGY CONTROL PROGRAM
Lockout and tagout procedures to prevent occupational injury and fatality (Health Updates). Chalupka, S. 59(7), 324.

HAZWOPER
The value of HAZWOPER medical surveillance (Professional Practice). Huss, R. G., Williamson, K. N., Alvis, K. L., & Hewitt, D. J. 59(11), 465-467.

HEALING
Wisdom in old-time self-treatment (Occupational Health Nursing Currents). Litchfield, S. M. 59(2), 55-56.

Creating health connections for vulnerable working populations: Goodwill North Central Wisconsin's Circles of Good Care model. Weiss, M. D. 59(12), 519-524.

HEALTH SAVINGS ACCOUNTS
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

HEALTH SURVEILLANCE
Protecting pregnant health care workers from occupational hazards (Professional Practice). Gonzalez, C. 59(10), 417-420.
The value of HAZWOPER medical surveillance (Professional Practice). Huss, R. G., Williamson, K. N., Alvis, K. L., & Hewitt, D. J. 59(11), 465-467.

HEALTHY PEOPLE 2020
Integrating results from smoking cessation drug research and development into clinical occupational health practice. Weinsier, S. T. 59(2), 69-76.

HEARING CONSERVATION
The role of the professional supervisor (Professional Practice). Lukes, E. 59(2), 57-59.

HEART DISEASE
Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.

HEAT EXHAUSTION/STROKE
Preventing heat-related illness among Hispanic farmworkers. Culp, K., Tonelli, S., Ramey, S. L., Donham, K., & Fuortes, L. 59(1), 23-32.

HISPANIC WORKERS
Contingent workers (Professional Practice). Guerrina, R. T., Burns, C. M., & Conlon, H. 59(3), 107-109.
Preventing heat-related illness among Hispanic farmworkers. Culp, K., Tonelli, S., Ramey, S. L., Donham, K., & Fuortes, L. 59(1), 23-32.

HORMONE REPLACEMENT THERAPY
Selective estrogen modulators for the primary prevention of breast cancer (Health Updates). Chalupka, S. 59(1), 48.

HOSPITAL EMPLOYEE HEALTH
A lift assist team in an acute care hospital: Prevention of injury or transfer of risk during patient-handling tasks? (Professional Practice). Schoenfisch, A. L., Lipscomb, H. J., Myers, D. J., Fricklas, E., & James, T. 59(8), 329-334.
Indoor air problems in hospitals: A challenge for occupational health. Hellgren, U.-M., & Reijula, K. 59(3), 111-117.

HYPERCHOLESTEROLEMIA
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.
Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.

HYPERTENSION
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.
Assessment of blood pressure knowledge among workers in a midwestern manufacturing plant: A pilot study. Fearn, C. L., Brick, G. Y., Lizer, S., Doughty, A., & MacDowell, M. 59(6), 253-263.
Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.
The value of HAZWOPER medical surveillance (Professional Practice). Huss, R. G., Williamson, K. N., Alvis, K. L., & Hewitt, D. J. 59(11), 465-467.

IMMOBILITY
Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

INDIA
AAOHN Lillian Carter Humanitarian Award (AAOHN Spotlight). Davis, K. 59(10), 412-413.

INDOOR AIR
Indoor air problems in hospitals: A challenge for occupational health. Hellgren, U.-M., & Reijula, K. 59(3), 111-117.

INFECTION CONTROL
Indoor air problems in hospitals: A challenge for occupational health. Hellgren, U.-M., & Reijula, K. 59(3), 111-117.

INJURY PREVENTION
Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.
Stretching to prevent musculoskeletal injuries: An approach to workplace wellness. Gartley, R. M., & Prosser, J. L. 59(6), 247-252.
To lift or not to lift: Patient-handling practices. de Ruiter, H.-P., & Liaschenko, J. 59(8), 337-343.

INSTITUTE OF MEDICINE
The future of nursing: Opportunities for occupational health nursing (Professional Practice). Burgel, B. J. 59(5), 207-211.

JET LAG
Circadian rhythm disruption (Health Updates). Tompkins, O. S. 59(2), 92.

JOB SATISFACTION
A lift assist team in an acute care hospital: Prevention of injury or transfer of risk during patient-handling tasks? (Professional Practice). Schoenfisch, A. L., Lipscomb, H. J., Myers, D. J., Fricklas, E., & James, T. 59(8), 329-334.

LEADERSHIP
Meetings: The good, the bad, and the ugly (Professional Practice). Lukes, E. 59(12), 509-511.

LEGAL
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

LIFELONG LEARNING
The future of nursing: Opportunities for occupational health nursing (Professional Practice). Burgel, B. J. 59(5), 207-211.

LIFESTYLE CHANGES
Assessment of blood pressure knowledge among workers in a midwestern manufacturing plant: A pilot study. Fearn, C. L., Brick, G. Y., Lizer, S., Doughty, A., & MacDowell, M. 59(6), 253-263.

LIFTING
A lift assist team in an acute care hospital: Prevention of injury or transfer of risk during patient-handling tasks? (Professional Practice). Schoenfisch, A. L., Lipscomb, H. J., Myers, D. J., Fricklas, E., & James, T. 59(8), 329-334.
Protecting pregnant health care workers from occupational hazards (Professional Practice). Gonzalez, C. 59(10), 417-420.
To lift or not to lift: Patient-handling practices. de Ruiter, H.-P., & Liaschenko, J. 59(8), 337-343.

LILLIAN CARTER
AAOHN Lillian Carter Humanitarian Award (AAOHN Spotlight). Davis, K. 59(10), 412-413.
2011 AAOHN Lillian Carter Humanitarian Award winner: Annette B. Haag, MA, RN, COHN-S/CM, FAAOHN (AAOHN Spotlight). Davis, K. 59(10), 414-416.

LOCKOUT/TAGOUT
Lockout and tagout procedures to prevent occupational injury and fatality (Health Updates). Chalupka, S. 59(7), 324.

LONG-TERM CARE
Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

LOST WORK TIME
Yoga to treat nonspecific low back pain (Continuing Education). Carter, C., Stratton, C., & Mallory, D. 59(8), 355-361.

LOW BACK PAIN
Low back pain among personal care workers in an old age home: Work-related and individual factors. Yeung, S. S., & Yuan, J. 59(8), 345-353.
Yoga to treat nonspecific low back pain (Continuing Education). Carter, C., Stratton, C., & Mallory, D. 59(8), 355-361.

MAMMOGRAPHY
Sociodemographic characteristics of women who engage in early breast cancer diagnostic behaviors: The case of Turkish women working in a textile factory. Gunay, E., & Beser, A. 59(10), 421-428.

MEDICAL RECORDS
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

MEETING STRATEGIES
Meetings: The good, the bad, and the ugly (Professional Practice). Lukes, E. 59(12), 509-511.

MELANIN
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

MELATONIN
Circadian rhythm disruption (Health Updates). Tompkins, O. S. 59(2), 92.
Shift work, light at night, and the risk of breast cancer: A guide to administrative action for health care institutions (Continuing Education). Reed, V. A. 59(1), 37-45.

MENOPAUSE
Soy isoflavones for the prevention of menopausal symptoms and bone loss: A safe and effective alternative to estrogen? (Health Updates). Chalupka, S. 59(11), 504.

MENTAL HEALTH
Creating health connections for vulnerable working populations: Goodwill North Central Wisconsin's Circles of Good Care model. Weiss, M. D. 59(12), 519-524.

Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.
Effects of a worksite physical activity intervention for hospital nurses who are working mothers. Tucker, S. J., Lanningham-Foster, L. M., Murphy, J. N., Thompson, W. G., Weymiller, A. J., Lohse, C., & Levine, J. A. 59(9), 377-386.
Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.
The value of HAZWOPER medical surveillance (Professional Practice). Huss, R. G., Williamson, K. N., Alvis, K. L., & Hewitt, D. J. 59(11), 465-467.
Workplace obesity prevention

(Health Updates). Chalupka, S. 59(5), 236.

OBESOGENIC ENVIRONMENT
Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.

OCCUPATIONAL HEALTH NURSING COMPETENCIES/ ROLES
Occupational health nursing education (Professional Practice). Rogers, B., Randolph, S. A., & Ostendorf, J. 59(6), 243-246.

OCCUPATIONAL INJURY
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.

OCCUPATIONAL PREGNANCY HAZARDS/REPRODUCTIVE HEALTH
Occupational reproductive health and pregnancy hazards confronting health care workers (Professional Practice). Gonzalez, C. 59(9), 373-376.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION (OSHA)
Occupational health nursing education (Professional Practice). Rogers, B., Randolph, S. A., & Ostendorf, J. 59(6), 243-246.
The role of the professional supervisor (Professional Practice). Lukes, E. 59(2), 57-59.

ODDS RATIO
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

OLDER WORKERS
Diabetes at work: A grounded-theory pilot study. Thomas, E. A. 59(5), 213-220.

OPERATING ENGINEERS
Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.

ORGANIZATIONAL CULTURE
Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.

OSTEOMALACIA
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

OSTEOPOROSIS
Soy isoflavones for the prevention of menopausal symptoms and bone loss: A safe and effective alternative to estrogen? (Health Updates). Chalupka, S. 59(11), 504.
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

OXYGEN CONCENTRATORS
Working at high altitude (Health Updates). Tompkins, O. S. 59(12), 552.

QUALITY OF CARE
Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

QUALITY OF LIFE
Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.

PARETO CHART
Ergonomic microscope comfort and control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.

PAROXYSMAL COUGH
Pertussis (Health Updates). Tompkins, O. S. 59(6), 276.

PATIENT TRANSPORTERS
A lift assist team in an acute care hospital: Prevention of injury or transfer of risk during patient-handling tasks? (Professional Practice). Schoenfisch, A. L., Lipscomb, H. J., Myers, D. J., Fricklas, E., & James, T. 59(8), 329-334.

PEACE CORPS
AAOHN Lillian Carter Humanitarian Award (AAOHN Spotlight). Davis, K. 59(10), 412-413.

PEAK EXPIRATORY FLOW
Indoor air problems in hospitals: A challenge for occupational health. Hellgren, U.-M., & Reijula, K. 59(3), 111-117.

PERCEIVED EXERTION
Low back pain among personal care workers in an old age home: Work-related and individual factors. Yeung, S. S., & Yuan, J. 59(8), 345-353.

PERSONAL CARE PRODUCTS
Phthalate exposures and human health concerns: A review and implications for practice (Continuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

PERSONAL CARE WORKERS
Low back pain among personal care workers in an old age home: Work-related and individual factors. Yeung, S. S., & Yuan, J. 59(8), 345-353.

PERTUSSIS
Pertussis (Health Updates). Tompkins, O. S. 59(6), 276.

PESTICIDES
Using problem-based learning for occupational and environmental health nursing education: Pesticide exposures among migrant agricultural workers. Ivicek, K., de Castro, A. B., Salazar, M. K., Murphy, H. H., & Keifer, M. 59(3), 127-133.

PHARMACOGENOMICS
Integrating results from smoking cessation drug research and development into clinical occupational health practice. Weinsier, S. T. 59(2), 69-76.

PHTHALATES
Phthalate exposures and human health concerns: A review and implications for practice (Con-

tinuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

PHYSICAL ACTIVITY

Barriers to physical activity among working mothers. Dombrowski, J. J. 59(4), 161-167.

Effects of a worksite physical activity intervention for hospital nurses who are working mothers. Tucker, S. J., Lanningham-Foster, L. M., Murphy, J. N., Thompson, W. G., Weymiller, A. J., Lohse, C., & Levine, J. A. 59(9), 377-386.

Exercise among commercial truck drivers. Turner, L. M., & Reed, D. B. 59(10), 429-436.

Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.

Workplace obesity prevention (Health Updates). Chalupka, S. 59(5), 236.

PHYSICAL HAZARDS

Occupational reproductive health and pregnancy hazards confronting health care workers (Professional Practice). Gonzalez, C. 59(9), 373-376.

PHYSICAL THERAPY

Internet-based outpatient telerehabilitation following total knee arthroplasty (Health Updates). Chalupka, S. 59(3), 144.

POLICE

Body mass index misclassification of obesity among community police officers. Alasagheirin, M. H., Clark, M. K., Ramey, S. L., & Grueskin, E. F. 59(11), 469-475.

Relationship of cardiovascular disease to stress and vital exhaustion in an urban, Midwestern police department. Ramey, S. L., Perkhounkova, Y., Downing, N. R., & Culp, K. R. 59(5), 221-227.

POPULATION HEALTH MODEL

Success of a diabetes health management program in employer-based health care centers. McCarver, P. 59(12), 513-518.

POST-ACUTE CARE

Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

POTASSIUM IODIDE

Nothing to fear but fear itself? (Occupational Health Nursing Currents). Litchfield, S. M. 59(5), 203-205.

PREGNANCY

Protecting pregnant health care workers from occupational hazards (Professional Practice). Gonzalez, C. 59(10), 417-420.

Sexual assault in the workplace. Garrett, L. H. 59(1), 15-22.

PRESENTEEISM

Eating disorders at work (Health Updates). Tompkins, O. 59(10), 460.

Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.

Workplace obesity prevention (Health Updates). Chalupka, S. 59(5), 236.

PREVENTION

An integrated approach to worker self-management and health outcomes: Chronic conditions, evidence-based practice, and health coaching (Continuing Education). Miller, C. 59(11), 491-501.

Focus on the aging worker (Continuing Education). Rogers, B., Marshall, J., Garth, K., Mopkins, D., Remington, J., Siemering, K., & Spivey, J. 59(10), 447-457.

Workplace obesity prevention (Health Updates). Chalupka, S. 59(5), 236.

PRIVACY

Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

PROBLEM-BASED LEARNING

Using problem-based learning for occupational and environmental health nursing education: Pesticide exposures among migrant agricultural workers. Ivicek, K., de Castro, A. B., Salazar, M. K., Murphy, H. H., & Keifer, M. 59(3), 127-133.

PRODUCTIVITY

Arthritis and the workplace (Health Updates). Tompkins, O. S. 59(4), 196.

Focus on the aging worker (Continuing Education). Rogers, B., Marshall, J., Garth, K., Mopkins, D., Remington, J., Siemering, K., & Spivey, J. 59(10), 447-457.

Workplace obesity prevention (Health Updates). Chalupka, S. 59(5), 236.

Yoga to treat nonspecific low back pain (Continuing Education). Carter, C., Stratton, C., & Mallory, D. 59(8), 355-361.

PROFESSIONAL SUPERVISOR

The role of the professional supervisor (Professional Practice). Lukes, E. 59(2), 57-59.

PROFICIENT

Evaluation of an occupational health nursing program through competency achievement: On-campus and distance education, 2005 and 2008. Randolph, S. A., Rogers, B., & Ostendorf, J. S. 59(9), 387-399.

PROJECT MANAGEMENT

Ergonomic microscope comfort and control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.

QUALITY OF CARE

Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

RADIATION

Nothing to fear but fear itself? (Occupational Health Nursing Currents). Litchfield, S. M. 59(5), 203-205.

REGULATION

Implementation of occupational health service improvements through application of Total

Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.
Necrotizing community-acquired methicillin-resistant *Staphylococcus aureus* pneumonia: An emerging problem in correctional facilities (Continuing Education). Kohli, N., Kochie, M., & Harber, P. 59(3), 135-140.

RELATIVE RISK
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

REMEDY
Wisdom in old-time self-treatment (Occupational Health Nursing Currents). Litchfield, S. M. 59(2), 55-56.

REPOSITIONING
Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.

REPRODUCTIVE HEALTH
Phthalate exposures and human health concerns: A review and implications for practice (Continuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

RESPIRATORY ILLNESS
The effect of oil spills on workers involved in containment and abatement: The role of the occupational health nurse. Moore, R., & Burns, C. M. 59(11), 477-482.

RESTRUCTURING
Presenteeism revisited: A comprehensive review (Continuing Education). Lack, D. M. 59(2), 77-89.

RETURN ON INVESTMENT
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

RETURN TO WORK
Yoga to treat nonspecific low back pain (Continuing Education). Carter, C., Stratton, C., & Mallory, D. 59(8), 355-361.

RICKETS
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

RISK REDUCTION
A family history intervention (Letter to the Editor). Strasser, P. B., McNeill, J. A., Cook, J. D. M., & Jones, M. E. 59(6), 241.

ROBERT WOOD JOHNSON FOUNDATION
The future of nursing: Opportunities for occupational health nursing (Professional Practice). Burgel, B. J. 59(5), 207-211.

ROY'S ADAPTATION MODEL
Assessment of blood pressure knowledge among workers in a midwestern manufacturing plant: A pilot study. Fearn, C. L., Brick, G. Y., Lizer, S., Doughty, A., & MacDowell, M. 59(6), 253-263.

SAFE DRINKING WATER ACT
Invisible pollution: The impact of pharmaceuticals in the water supply (Continuing Education). Strauch, K. A. 59(12), 525-532.

SAFE PATIENT HANDLING
A lift assist team in an acute care hospital: Prevention of injury or transfer of risk during patient-handling tasks? (Professional Practice). Schoenfisch, A. L., Lipscomb, H. J., Myers, D. J., Fricklas, E., & James, T. 59(8), 329-334.
Facilitating repositioning in bed. Fragala, G. 59(2), 63-68.
To lift or not to lift: Patient-handling practices. de Ruiter, H.-P., & Liaschenko, J. 59(8), 337-343.

SAFETY TRAINING
Contingent workers (Professional Practice). Guerrina, R. T., Burns, C. M., & Conlon, H. 59(3), 107-109.

SCOPE OF PRACTICE
Evaluation of an occupational health nursing program through competency achievement: On-campus and distance education, 2005 and 2008. Randolph, S. A., Rogers, B., & Ostendorf, J. S. 59(9), 387-399.
Scope of practice issues for occupational and environmental health nurses (Professional Practice). Strasser, P. M. 59(1), 12-14.
The future of nursing: Opportunities for occupational health nursing (Professional Practice). Burgel, B. J. 59(5), 207-211.

SEASONAL AFFECTIVE DISORDER
Circadian rhythm disruption (Health Updates). Tompkins, O. S. 59(2), 92.

SECONDARY TRANSMISSION
Necrotizing community-acquired methicillin-resistant *Staphylococcus aureus* pneumonia: An emerging problem in correctional facilities (Continuing Education). Kohli, N., Kochie, M., & Harber, P. 59(3), 135-140.

SEGREGATION
AAOHN Lillian Carter Humanitarian Award (AAOHN Spotlight). Davis, K. 59(10), 412-413.

SELECTIVE ESTROGEN MODULATORS
Selective estrogen modulators for the primary prevention of breast cancer (Health Updates). Chalupka, S. 59(1), 48.

SELF-EFFICACY
Barriers to physical activity among working mothers. Dombrowski, J. J. 59(4), 161-167.

SELF-MANAGEMENT
An integrated approach to worker self-management and health outcomes: Chronic conditions, evidence-based practice, and health coaching (Continuing Education). Miller, C. 59(11), 491-501.

SENSITIVITY
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

Sexual assault in the workplace. Garrett, L. H. 59(1), 15-22.

SEXUALLY TRANSMITTED INFECTIONS
Sexual assault in the workplace. Garrett, L. H. 59(1), 15-22.

SHIFT WORK
Shift work, light at night, and the risk of breast cancer: A guide to administrative action for health care institutions (Continuing Education). Reed, V. A. 59(1), 37-45.

SKIN DISEASES
The effect of oil spills on workers involved in containment and abatement: The role of the occupational health nurse. Moore, R., & Burns, C. M. 59(11), 477-482.

SLEEP
Circadian rhythm disruption (Health Updates). Tompkins, O. S. 59(2), 92.
Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.
Shift work, light at night, and the risk of breast cancer: A guide to administrative action for health care institutions (Continuing Education). Reed, V. A. 59(1), 37-45.
Working at high altitude (Health Updates). Tompkins, O. S. 59(12), 552.

SMOKING
Arthritis and the workplace (Health Updates). Tompkins, O. S. 59(4), 196.
Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.
Integrating results from smoking cessation drug research and development into clinical occupational health practice. Weinsier, S. T. 59(2), 69-76.

SOCIOECONOMIC DISPARITIES
Health disparities of coal miners and coal mining communities: The role of occupational health nurses (Continuing Education). Apostle, E. P., O'Connell, M. E., & Vezeau, T. M. 59(7), 311-321.

SOURCE CONTROL
Necrotizing community-acquired methicillin-resistant *Staphylococcus aureus* pneumonia: An emerging problem in correctional facilities (Continuing Education). Kohli, N., Kochie, M., & Harber, P. 59(3), 135-140.

SOY ISOFLAVONES
Soy isoflavones for the prevention of menopausal symptoms and bone loss: A safe and effective alternative to estrogen? (Health Updates). Chalupka, S. 59(11), 504.

SPECIFICITY
Bring on epidemiologic research! (Occupational Health Nursing Currents). Litchfield, S. M. 59(1), 5-9.

SPIRITUALITY
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.

STAFFING
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

STANDARDS OF CARE
Managing the risks of on-site health centers. Gorman, K. M., & Miller, R. M. 59(11), 483-490.

STANDARD THRESHOLD SHIFT
The role of the professional supervisor (Professional Practice). Lukes, E. 59(2), 57-59.

STANDING ORDERS
Scope of practice issues for occupational and environmental health nurses (Professional Practice). Strasser, P. M. 59(1), 12-14.

STATE BOARD OF NURSING
Scope of practice issues for occupational and environmental health nurses (Professional Practice). Strasser, P. M. 59(1), 12-14.

STRESS
Relationship between system-level characteristics of assisted living facilities and the health and safety of unlicensed staff. McKenzie, G. L., Teri, L., Salazar, M. K., Farran, C. J., Beck, C., & Paun, O. 59(4), 173-180.
Relationship of cardiovascular disease to stress and vital exhaustion in an urban, Midwestern police department. Ramey, S. L., Perkhounkova, Y., Downing, N. R., & Culp, K. R. 59(5), 221-227.

STRETCHING
Stretching to prevent musculoskeletal injuries: An approach to workplace wellness. Gartley, R. M., & Prosser, J. L. 59(6), 247-252.

SUBSTANCE ABUSE
Borderline personality disorder and disability (Professional Practice). Arvig, T. J. 59(4), 158-160.

SUICIDE
Borderline personality disorder and disability (Professional Practice). Arvig, T. J. 59(4), 158-160.

SUN EXPOSURE
Health behaviors of Operating Engineers. Duffy, S. A., Missel, A. L., Waltje, A. H., Ronis, D. L., Fowler, K. E., & Hong, O. 59(7), 293-301.
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

SURVEILLANCE
Necrotizing community-acquired methicillin-resistant *Staphylo-*

coccus aureus pneumonia: An emerging problem in correctional facilities (Continuing Education). Kohli, N., Kochie, M., & Harber, P. 59(3), 135-140.

TEACHERS
Success of a diabetes health management program in employer-based health care centers. McCarver, P. 59(12), 513-518.

TEAMWORK
Efficiency of workplace surveys conducted by Finnish occupational health services. Savinainen, M., & Oksa, P. 59(7), 303-310.

TELEREHABILITATION
Internet-based outpatient telerehabilitation following total knee arthroplasty (Health Updates). Chalupka, S. 59(3), 144.

TEXTILE INDUSTRY
Sociodemographic characteristics of women who engage in early breast cancer diagnostic behaviors: The case of Turkish women working in a textile factory. Gunay, E., & Beser, A. 59(10), 421-428.

THERMAL STRESS
Low back pain among personal care workers in an old age home: Work-related and individual factors. Yeung, S. S., & Yuan, J. 59(8), 345-353.

TIN MILL
Stretching to prevent musculoskeletal injuries: An approach to workplace wellness. Gartley, R. M., & Prosser, J. L. 59(6), 247-252.

TOBACCO DEPENDENCE
Integrating results from smoking cessation drug research and development into clinical occupational health practice. Weinsier, S. T. 59(2), 69-76.

TOTAL KNEE ARTHROPLASTY
Internet-based outpatient telerehabilitation following total knee arthroplasty (Health Updates). Chalupka, S. 59(3), 144.

TOTAL QUALITY MANAGEMENT
Ergonomic microscope comfort and control: Application of Total Quality Management processes to reduce employee discomfort. Thomas, E. A. 59(3), 119-126.
Implementation of occupational health service improvements through application of Total Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.

TRANSMISSION CONTROL
Necrotizing community-acquired methicillin-resistant *Staphylococcus aureus* pneumonia: An emerging problem in correctional facilities (Continuing Education). Kohli, N., Kochie, M., & Harber, P. 59(3), 135-140.

TRANSTHEORETICAL MODEL OF CHANGE
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.

TRENCHING
Trenching and excavation: Preventing workplace fatalities (Health Updates). Chalupka, S. 59(9), 408.

VACCINATION
Pertussis (Health Updates). Tompkins, O. S. 59(6), 276.

VENDOR SERVICES
Implementation of occupational health service improvements through application of Total Quality Management processes (Continuing Education). Thomas, E. A. 59(6), 267-273.

VIDEOCONFERENCING
Promoting occupational health nursing training: An educational outreach with a blended model of distance and traditional learning approaches (Continuing Education). Ward, J. A., Beaton, R. D., Bruck, A. M., & de Castro, A. B. 59(9), 401-406.

VITAL EXHAUSTION
Relationship of cardiovascular disease to stress and vital exhaustion in an urban, Midwestern police department. Ramey, S. L., Perkhounkova, Y., Downing, N. R., & Culp, K. R. 59(5), 221-227.

VITAMIN D
Vitamin D (Health Updates). Tompkins, O. 59(8), 364.

VULNERABLE POPULATIONS
Creating health connections for vulnerable working populations: Goodwill North Central Wisconsin's Circles of Good Care model. Weiss, M. D. 59(12), 519-524.

WATER POLLUTION
Invisible pollution: The impact of pharmaceuticals in the water supply (Continuing Education). Strauch, K. A. 59(12), 525-532.

WOMEN'S HEALTH
A family history intervention: Enhancing cardiovascular risk assessment (Continuing Education). McNeill, J. A., Cook, J. D. M., Mahon, M., Allwein, D. A., Rauschhuber, M., Richardson, C. O., Muñoz, L. R., Estrada, R., & Jones, M. E. 59(4), 181-192.
Phthalate exposures and human health concerns: A review and implications for practice (Continuing Education). Pak, V. M., McCauley, L. A., & Pinto-Martin, J. 59(5), 228-233.

WORK ENVIRONMENTS
Swedish entrepreneurs' use of occupational health services. Gunnarsson, K., Andersson, I.-M., & Josephson, M. 59(10), 437-445.

WORKERS' COMPENSATION
Contingent workers (Professional Practice). Guerrina, R. T., Burns, C. M., & Conlon, H. 59(3), 107-109.
